DETAILED ACTION

This action is responsive to communications: Amendment, filed on 10/23/2003.
 This action is final.

2. Claims 1 and 2 are pending in this application. Claims 1 and 2 are independent claims. In the Amendment, filed on 10/23/2003, claims 1 and 2 were amended.

This application is a Continuation of PCT/JP99/07248 dated 12/22/1999.

3. The present title of the invention is "Communication terminal" as filed originally.

Claim Rejections - 35 USC § 102

- 4. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
- 5. Claims 1 and 2 are rejected under 35 U.S.C. 102(b) as being anticipated by Sommers et al. (5,940,076).

As per claim 1, Sommers et al., hereinafter Sommers, discloses a communication terminal comprising:

a display unit (14) which displays an original selection screen for selecting at least one of a plurality of options (Figure 4 68);

display control means (11) which causes display of options in said display unit by division or scroll ("the applications and their associated graphics are scrolled through the plurality of user selectable buttons in either a clockwise or counterclockwise direction", column 8, line 26-28); and

Art Unit: 2672

a key for selecting an option not currently displayed in said display unit from the options to be selected ("operation control of the device is controlled by a keypad which includes a plurality of user controls", column 3, line 47-49);

said display control means causing, when an option not currently displayed has been selected, display of a screen associated with said selected option in said display unit and performing a display so as to include said selected option when displaying said original selection screen next (Figure 7 and "Upon the device user selecting a feature/option which is not currently being displayed on the display screen 68, the draw buffer information is copied into the animation buffer ", column 6, line 57-58).

6. As per claim 2, Sommers discloses a communication terminal comprising:
a display unit (14) which displays an original selection screen for selecting at
least one of a plurality of options (Figure 4 68);

display control means (11) which causes display of options in said display unit by division or scroll ("the applications and their associated graphics are scrolled through the plurality of user selectable buttons in either a clockwise or counterclockwise direction", column 8, line 26-28); and

a key for selecting an option not currently displayed in said display unit from the options to be selected ("operation control of the device is controlled by a keypad which includes a plurality of user controls", column 3, line 47-49);

said display control means causing, when an option not currently displayed has been selected, display of a screen associated with said selected option in said display unit and causing display of information indicating said selected option when displaying

said original selection screen next (Figure 7 and "Upon the device user selecting a feature/option which is not currently being displayed on the display screen 68, the draw buffer information is copied into the animation buffer ", column 6, line 57-58).

Response to Arguments

7. Applicant's arguments with respect to claims 1 and 2 have been considered but are most in view of the new ground(s) of rejection.

Conclusion

8. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
